FIFRA Section 18

FOR DISTRIBUTION AND USE ON CORN SEED IN THE STATE OF WISCONSIN, MICHIGAN AND MINNESOTA ONLY DURING 2006-2007 PURSUANT TO SECTION 18 OF FIFRA, AS AMENDED

AvitecTM Liquid Seed Treatment

Effective November 27, 2006 – July 30, 2007

For the Protection of Seeds of Field Corn and Sweet Corn against Consumption by Cranes

ACTIVE INGREDIENT

9,10-Anthraquinone50%

OTHER INGREDIENTS 50%

Total 100%

KEEP OUT OF REACH OF CHILDREN CAUTION

NOT A PLANT FOOD INGREDIENT Active Ingredient: 9,10-Anthraquinone

If inhaled:

• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
• Call a Poison Control Center or Doctor for further treatment advice.

If on skin or clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a Poison Control Center or Doctor for treatment advice.

If in eyes:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a Poison Control Center or Doctor for treatment advice.

Call Poison Control Center or Doctor immediately for treatment advice.

Do not induce vomiting unless told to do so by the Poison Control Center or Doctor.

Do not give anything by mouth to an unconscious person.

FOR MEDICAL EMERGENCIES INVOLVING THIS PRODUCT, CALL TOLL FREE 1-800-424-9300. HAVE THE PRODUCT CONTAINER OR LABEL AVAILABLE WHEN SEEKING TREATMENT ADVICE.

See side panel for additional precautionary statements.

Have person sip a glass of water if able to swallow.

MANUFACTURED BY: ARKION™ LIFE SCIENCES LLC 3521 Silverside Road

Wilmington, DE 19810

EPA Establishment No. 62171-MS-1 EPA file symbol: 07-WI-01

If swallowed:

NET CONTENTS: 5 gallons

DATE OF MANUFACTURE: July 24, 2006

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Harmful if inhaled. Avoid breathing vapor or spray mist. Remove contaminated clothing and wash clothing before reuse. Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause an allergic reaction in some individuals.

PERSONAL PROTECTIVE EQUIPMENT: When handling AvitecTM, use long-sleeved shirt and long pants, socks, shoes and chemical resistant gloves. Wear protective goggles and a respirator with an organic vapor-removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-21C), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G), or a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any N,R,P or HE prefilter.

ENVIRONMENTAL HAZARDS:

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this product only as specified on this label.

The use of Avitec™ in agricultural applications is protected by US Patents 6,328,986; 5,885,604; 5,922.774

I. GENERAL INFORMATION

AvitecTM forms a bird repellent coating on corn seeds. Birds may sample treated seeds but they will avoid additional consumption. **Thorough, uniform and consistent coverage** is essential for full protection from bird depredation. Apply directly to corn seed.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Reformulation or repackaging of this product is prohibited. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult agency responsible for pesticide regulation.

RATES: Field Corn and Sweet Corn: Use at a rate of one gallon, (4.9 pounds A.I.), per 980 pounds of seed. Each 5 gallon container will treat 4900 pounds of seed. **MIXING INSTRUCTIONS:** For best results agitate the **Avitec**TM container prior to use to insure a uniform suspension of the active ingredient. Mix each five gallon container with water according to recommendation by manufacturers of seed treatment equipment. Calibrate spray equipment and apply the required amount of active ingredient to treat the desired batch of seed. Agitate treated seed to insure uniform coating of Avitec. After treatment dry the seed and store as normal. Use treated seed as

soon as possible after treatment. DO NOT MIX WITH BARE HANDS. Use only at the recommended rate. Lower amounts may not give desired control. Excessive amounts may cause seed injury.

User Safety Recommendations: Users Should: Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling the product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 4 hours. "Exception: if the product is soil-injected or soilincorporated, the Worker Protection Standard, under certain circumstances, allows workers to enter the treated areas if there will be no contact with anything that has been treated." PPE required for early entry to treated areas that is permitted under the Worker Production Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is: coveralls, waterproof gloves, shoes plus socks, protective eyewear.

II. STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store in a sheltered location away from food or feed. Do not allow containers to freeze. After prolonged storage, product may separate. If this occurs, resuspend with agitation.

Pesticide Disposal: Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instruction, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. ArkionTM also can be contacted for guidance on the disposal of pesticide wastes.

Container Disposal: Dispose of in a sanitary landfill or incinerator or, if allowed by state and local authorities, by burning. Burning of containers is not permitted in Wisconsin..

<u>GENERAL</u>: Any unused or unregistered product must either be returned to the manufacturer or distributor (unopened containers) or disposed of in accordance with the Resource Conservation and Recovery Act regulations following the expiration of the emergency exemption. Wisconsin Residents Only: for disposal of unwanted product, users may also contact the DATCP Clean Sweep Program 608-224-4545.

CONDITIONS OF SALE AND WARRANTY:

ArkionTM warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. Since timing, method of application, weather and ground conditions, mixture with other chemicals, and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions, or under conditions which are abnormal or not reasonably foreseeable.

ARKION™ MAKES NO OTHER WARRANTIES EITHER EXPRESS OR IMPLIED WARRANTIES INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE.

Handling, storage and use of the product by Buyer or User are beyond the control of Arkion™ and Seller. Risks such as ineffectiveness or other directions will be assumed by the Buyer or User.

IN NO CASE WILL ARKION™ OR SELLER BE HELD LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE OR USE OF THIS PRODUCT, NOR HELD RESPONSIBLE FOR INJURY OR LOSS AS A RESULT OF THE HANDLING OR USE OF THIS PRODUCT.

WISCONSIN ONLY

ENDANGERED SPECIES PROTECTION REQUIREMENT

Endangered species including Wisconsin designated protected species are present throughout the State. If a grower is uncertain of the presence of a protected species, they should contact WDATCP Endangered Species biologist at 608-224-4538 for assistance.

To protect listed threatened or endangered (T/E) animal species, use under conditions and with equipment that transfers product only to the seed.

Contain and collect spilled product immediately and either reuse it or utilize the Wisconsin Department of Agriculture, Trade & Consumer Protection's Clean Sweep program (608-224-4545) for proper disposal.
